**Section 4.
Patient Care**

PURPOSE:

To guide in the visitation regulations established for ACADIAN MEDICAL CENTER to ensure Patient Safety is achieved while maintaining patient's rights to visitation.

POLICY:

The patient can expect that there will be appropriate guidelines for visitation within the Hospital to minimize the potential of infectious exposure, to promote patient and employee safety, as well as to protect patient's confidentiality.

Specific Guest/Visitor information is shared with each patient in the Patient Handbook.

The patient has the right to receive, subject to his/her consent, visitors designated by the patient, including but not limited to a spouse, domestic partner (including a same-sex domestic partner), another family member, or a friend. The patient also has the right to not have visitation restricted, limited, or denied based on race, color, national origin, religion, sex, gender, identity, sexual orientation, or disability of their visitors.

The patient has right to withdraw or deny consent to visitation at any time.

See PEC/CEC/OPC policy for specific visitation allowed.

PROCEDURE:

General Visiting Hours:

- Visitors should leave the room promptly when treatment is to be given or when asked to leave by the hospital staff or physician.
- Visitors and patients are requested to speak quietly and to be considerate of other patients.
- Specialty Departments may have department specific policies against children visitation due to infection control guidelines.
- Patients are susceptible to other contagious illnesses, so persons with colds, sore throats or other contagious illnesses should not visit the patient.
- **Hospital Visitation begins at 5:30 AM** and all building entrances will be unlocked at this time.
